

Distinct Designs Rubber Stair Treads

Your step-by-step guide to solving every challenge

Learn more at flexcofloors.com

Avoid unnecessary exposure to **chemicals**

Distinct Designs Rubber Stair Treads are Red List Free, PVC-free and phthalate-free — which helps to improve the indoor air quality for contractors throughout the installation process.

*See The Living Building Challenge Red List for more information

Keep callbacks to a **minimum**

Distinct Designs Rubber Stair Treads protect stairs in heavy-traffic commercial environments. We offer treads with metal-reinforced noses backed by a 25-year commercial warranty. Our other rubber treads come with a 10-year commercial warranty.

Simple **install**

Since our rubber treads don't require an epoxy nose-filler or any coatings, finishes, or sealers, choosing our stair systems saves you time and effort.

Complete **system**

Flexco provides a full stairway system that includes treads, stringers, risers and landing tiles. Whether you need one piece, a certain insert or nosing or a complete system, you can find everything you want easily with one call or click.

Meet my **timeline**

Distinct Designs Rubber Treads are proudly made in the U.S.A. so they're ready to ship in 3 weeks or less to keep your project on schedule.

Meet my **spec**

We have an extensive range of stair tread colors, profiles, patterns, lengths, inserts and strips that will match existing stair products and meet any specification.
