### Adhesives\*

T-Edge Divider Snaps into the 101 or 102 single flange tracks.

### Installation\*

Vinyl Accessories are designed for interior use only with temperatures maintained from 65°F (19°C) and 85°F (30° C). The flooring installer must inspect all material for manufacturing imperfections and irregularities prior to installation. Before installing, confirm accessory placement and the placement of adjoining material per design specifications.

### Maintenance\*

Wipe the Vinyl Flooring Accessories with a mild solution of Neutral pH cleaner such as Excelsior NC-900 or equivalent. Do not use detergents, abrasive cleaners or "mop and shine" products; they will dull the look of the flooring.
