

Building smarter, safer educational environments from the ground up.

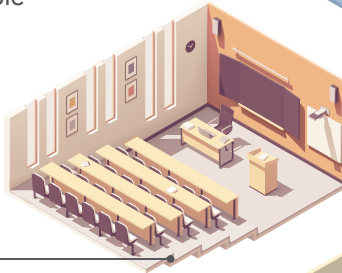

Durable, flexible and high performance – Rubber flooring options include Distinct Designs sheet and tile or Tuflex® Force® squares and interlocking tiles.

Versatile, stylish options – Ideal for office or multipurpose spaces, choose from Natural Elements Premium LVT, Delane® Solid Vinyl Tile and Crosswire® Woven Vinyl Flooring.

Environmentally-responsible – Flexco rubber flooring is 100% recyclable.

Coordinated color palettes, tones and profiles – A variety of options makes creating on-trend environments simple.

Slip resistance – Distinct Designs Rubber Stair Treads, Vinyl Treads and FlexTerior Metal Treads offer excellent slip resistance.

Lasting good looks – Our rubber floors are homogeneous, which means they hold color throughout the entire floor.

Low maintenance, easy to install – Protective wall base coordinates with Flexco flooring options. Available in rubber or vinyl.

Contributes to improved indoor air quality – Distinct Designs GREENGUARD Gold certified Rubber Tile reduces the harmful effects of Sick Building Syndrome.

Quiet and comfortable underfoot – Rubber flooring, is ideal for high-traffic areas.

 GREENGUARD Gold or FloorScore® Certified

 Made in the U.S.A.
